# What is a Fashion Fix?

The Fashion Fix is a monthly auto ship that includes 5 sets of coordinating jewelry. Each set is 4 pieces and can be referred to as a trend blend. The monthly subscription also includes 5 exclusive pieces. When you are enrolled in the Fashion Fix, your credit card on file will be billed on the 20<sup>th</sup> of each month for the jewelry. The items are available to you to sell as soon as you get them. The month's fashion fix items don't go on sale to everyone else until the 5<sup>th</sup> of each month! This gives you an advantage to use the pieces to build your business!

# How Do Hostess Rewards Work?

You receive a hostess reward piece for every 10 items you order in the back office. (On a particular order- the pieces don't accumulate based on multiple orders). This is something automatically sent to you and nothing you need to do or order. You can choose to do what you want with these pieces. For example put them into your inventory to sell, use them as give aways etc. I let my hostesses choose her own rewards so in turn use these items for my game giveaways!
